Clipping paths

You can get a clipping path of all your images. Only the images of complex images such as bicycles are excluded. tennis rackets, crystal chandeliers, nets or jewelry with thin meshes. Processing is available for these subjects "Complex contours"

Crop Image

You can specify a resolution and size for all images or keep the original images of individual files. You can indicate the size of the image margins. Top margin, right lateral, left lateral and lower depending on your needs.

Small touch-ups / cleaning

Get perfect images cleaned of small imperfections, scratches or dirt

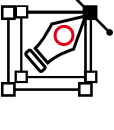

Background change

Request a custom background for your images. Include a background image in the project files, this will be applied as a background for all elements

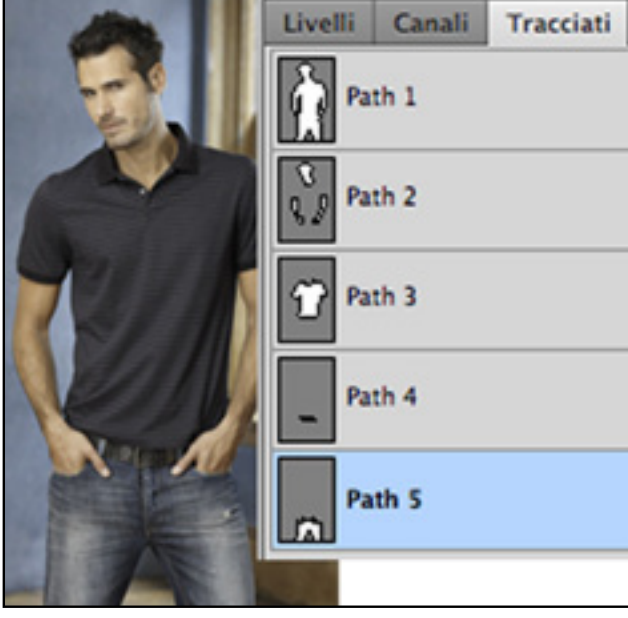

Ombra / riflettere

Genera o crea un'ombra all'oggetto. L'ombra può essere quella originale o una richiesta.

Più tracciati

Verranno creati più tracciati di ritaglio (maschere) per lavorazioni di correzione o cambio colore successive. Le maschere create sono in genere dalle 4 alle 8 per immagine Tali sezioni saranno visibili in Photoshop

Nock Join (Ritocco Manichino)

Puoi ottenere una ricostruzione professionale delle tue immagini. Toglieremo noi il manichino ricreando le parti nascoste. Basterà fornire la sconda immagine senza manichino per ottenere il double neck.

Il Affidamento (copyright images ©)

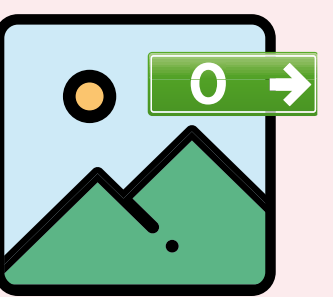

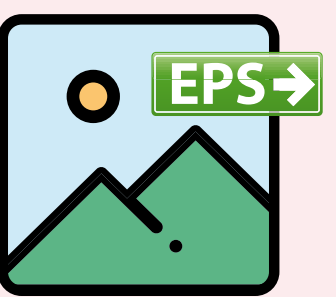

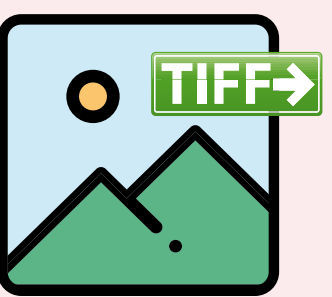

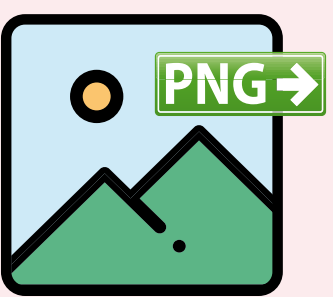

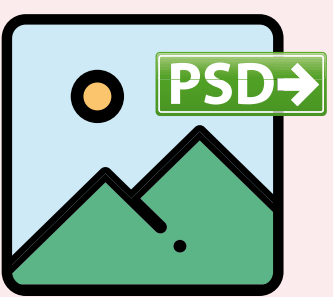

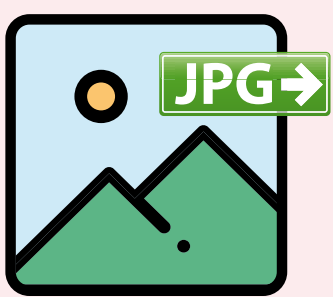

Per noi non è un problema a darti garanzia che i file che tu ci invii non vengano divulgati a terzi.

Per tranquillizzarti posso dirti che da parte della nostra azienda non abbiamo la prassi di divulgare a terzi le foto dei nostri clienti in quanto sarebbe controproducente per il nostro business. Perché il nostro business si basa sulla fiducia, se perdiamo questa perdiamo anche il business.

Se hai altri dubbi o perplessità sono qui.
